National Briefing at U.S. Capitol The Freedom from Sexploitation Agenda

Policy Recommendations on Sex Trafficking, Sexual Violence, Child Exploitation & Pornography

Hosted By National Center on Sexual Exploitation

**March 20, 2017 1:00pm - 4:30pm
US Capitol Visitor's Center, Auditorium Washington, DC**

Like never before in this country's history, America is suffering from a sexual exploitation crisis. Sex trafficking, sexual assault, child sexual abuse, pornography and more, are issues significantly impacting American citizens, families, and communities. This necessitates that our federal government address the full spectrum of sexual harm.

Accordingly, the National Center on Sexual Exploitation has developed **The Freedom From Sexploitation Agenda** to present Congress and the executive branch with robust critical recommendations that powerfully combat sexual exploitation, protect human rights, and preserve human dignity.

**While this Symposium is for Members of Congress and their staff,
the event is complimentary and open to the public**
